

THE WRANGELL SENTINEL

VOL. XVIII. NO. 13

WRANGELL, ALASKA, THURSDAY, MARCH 20, 1919

PRICE TEN CENTS

CABLE NEWS

PARIS—President Wilson is to preside as chairman of the meeting to be held Sunday at which it is hoped to whip the League of Nations plan into a definite final form. This committee drew up the original league constitution. The committee on aerial problems has decided that each state shall have full jurisdiction of the air above its territory and territorial waters.

PARIS—The Japanese delegates let it be known that they will insist on an amendment to the League of Nations to the effect that the contracting parties shall grant equal and just treatment to all aliens within their borders who are nationals of the states belonging to the League.

BOSTON—President A. Lawrence Lowell of Harvard University and Senator Lodge debated the question of the League of Nations which the senator characterized as a porous institute. Dr. Lowell declared it a sound plan for the prevention of war.

WASHINGTON—The State Department has been advised that the feeling against Americans in Siberia is growing alarmingly.

SEATTLE—Mrs. Grace Glatz Storrs, wife of Dudley M. Storrs, a former deputy sheriff, dropped dead from poisoning while having lunch with Miss Ruth Garrison, aged 18, in the tea room of the Ben Marche. It is known that the girl had told Mrs. Storrs that she loved her husband and had also begged her to secure a divorce. It is believed that Mrs. Storrs is a triangle victim.

SEATTLE—Miss Garrison has confessed that she put strychnine in a fruit cocktail which had been placed on the table prior to the arrival of Mrs. Storrs.

SEATTLE—A formal complaint charging first degree murder will be filed against Miss Garrison this afternoon. She is continually pleading to see Storrs.

SEATTLE—Leroy Tozier, a prominent Fairbanks attorney, and Mrs. Carol Bell, formerly wife of Arthur Bell, editor of the Fairbanks Times, married here today.

WASHINGTON—The census bulletin today reveals one divorce in every nine throughout the United States.

WASHINGTON—War Finance corporation will probably float a bond issue of two hundred millions for the operation of railroads until the extra session.

BRUSSELS—Belgium has recognized the independence of Poland.

BERLIN—Persons from the Allied countries are to be permitted to travel through Germany only on passports from the Armistice Commission.

COPENHAGEN—General Von Arnheim former commander of the German armies in Flanders was clubbed to death by an infuriated mob of peasants in Asch, Bohemia. The murder of von Arnheim followed his firing of shots at some peasants who trespassed on his grounds.

PEKIN, China—A report reaching here today from Petrograd declares that the Bolsheviks of that country have announced their determination to inaugurate a Soviet Revolutionary movement in China. The Chinese government is greatly aroused over the report.

SEATTLE—It was announced in shipping circles today that all passenger rates to all points in Alaska will be raised about two dollars, under the new tariff after the fashion of the mileage system effective March 22.

BERLIN—Fifteen hundred Spartacans, including many women have been executed at Moabit prison during the past fifteen days and it will take another week to kill all of the Spartacan prisoners now under sentence of death, it was stated today by Capt. DeLavoche, who is in charge of the executions.

The battle in Berlin between the Spartacans and Government troops came to an end on Friday, the latter being victorious after the arrival of their reinforcements.

Sitka Defeats Wrangell

The Wrangell basketball boys were badly beaten last evening on their own floor by the Sitka team, the score being 36 to 6.

The Sitka team arrived in Wrangell Tuesday evening en route home from the Klawock fair. A basket ball game with the local team was arranged for Wednesday evening. The game was well attended and furnished plenty of amusement notwithstanding the overwhelming defeat of the local team. The best of spirit prevailed throughout the game, there being no wrangling whatever. The local boys took their defeat in good grace frankly attributing their drubbing to failure to practice regularly and often.

Following the basketball game there was a dance at which the Sitka Stringed orchestra furnished excellent music.

The Sitka party is composed of 16 persons including four ladies. They leave today for their home. Wrangell is always glad to have her friends within her gates.

W. T. Lopp, chief of the Alaska Bureau of Education and C. W. Hawkesworth, superintendent for the division of Southeastern Alaska were aboard the Jefferson which was in port last night. They had been in attendance at the school fair at Bayview.

The psychological effect of Americans in France is beyond calculation. For thousands of Germans driven into poverty by the war had thought to migrate to this country, and their kaiser has now made us their enemy. Discouragement and despair among them are fighting our battles.

Girls ought to know this: The fellow who talks to her about soaring aloft to the stars together is a poetical and sentimental cuss, but in just eight months after matrimony he gets an awful grouch if the kitchen doesn't show up 100 per cent efficient and always on time.

A German paper wonders if the lightning-trained Yankees can hold their own with the German lads trained from their youth. That they can hold their own is testified by the German youths themselves in their panic cry of "The Americans are coming!"

Making careful computations from the progress of an idea during the past twenty-five years, we have figured that by the year 67,987,654,234, A. D., the theory that kissing communicates deadly diseases will be universally accepted and the custom abolished.

Our sympathy always goes to a man who is a drum major. How does he ever live up to the job when he isn't parading?

Not only is the old atlas no good any more, but the old directory is a back number, even if you just bought it a year ago.

A cheaper way of making gasoline has been invented, but what is really needed is a cheaper way of selling it.

OF LOCAL INTEREST

Mrs. C. J. Bevier is sojourning in Los Angeles.

S. R. Moore arrived in Wrangell Tuesday from Astoria, Oregon.

St. Philip's Guild will meet with Mrs. Oscar Carlson next Wednesday afternoon.

FREE—Catalog of Alaska grown plants. Juneau Florists, Juneau, Alaska.

Mrs. Joseph Edwards has returned to her home at Kasan after a visit to the States.

For the shave and haircut of satisfaction go to Ed Grigwire's shop, opposite drug store.

J. E. Worden returned last week from Juneau where he had been in the Daves hospital.

The Willson & Sylvester Mill company shipped a scow load of lumber to Tokoon on Monday.

The Civic Improvement club will meet with Miss Woods at 3 o'clock, Thursday afternoon, March 27.

H. J. Wallace returned on the City of Seattle Sunday from Ketchikan where he had been on official business.

Mr. and Mrs. John James Arola who have been spending the winter on Gray's Harbor arrived home on the Princess Mary Tuesday.

The Columbia & Northern shipped 2800 pounds of mild cured hams on the City of Seattle this week.

Rev. Father P. P. Kern arrived from Ketchikan on the City of Seattle Sunday afternoon and held services at the Catholic Church in the evening. He left on the Jefferson this morning for Juneau.

George Arola who has been on Gray's Harbor since October returned on the Princess Mary Tuesday. Mr. Arola reports Aberdeen rather quiet at present.

The Heligoland reported at John R. Beagle & company one day last week with a record catch of 110,000 pounds of fish carrying even a deck load.

The cold weather during the past week has caused the wolves to become more bold than usual. Their howls have been heard for several nights and the ball ground is covered with their tracks.

A musical program will be given at Redmen Hall on the evening of April 1st for the benefit of the school. The proceeds will be used to buy pictures and additional reference books for the school.

The Taku Canning company have advertised the following prices for fish, the cannery furnishing the gear: Kings, 9 cents a pound; cohoes, 4½ cents a pound; sockeyes, 5 cents a pound.

L. C. Patenaude, who returned from the Sound this week states that Rikard Hofstad was recently married in Seattle to a lady who last year taught school at Hadley. Mr. Patenaude also states that a daughter was recently born to Mr. and Mrs. Otto Hofstad.

Albert Dubke who left Wrangell last May to enter military service arrived home on the Princess Mary Tuesday. Mr. Dubke was stationed at Camp Grant, Ill., until the first of this month when he was transferred to Camp Lewis where he received his discharge.

J. E. Evans arrived on the Princess Mary Tuesday from Tacoma where he spent the winter. Mr. Evans states that all steamers sailing north are sold out at least a week before their sailing date. Mr. Evans is a saw filer for the Willson & Sylvester Mill company.

E. P. Clark, expert motion picture operator has accepted a position with the Liberty Theatre and starts work today. Pictures hereafter will be run continuously from start to finish of a play, with no breaks between reels.—Ketchikan Miner.

The Redmen's lodge has had one or more initiations at every meeting held since the beginning of the New Year, and the membership of the lodge has been increased 25 per cent. At the meeting Tuesday evening degrees were conferred upon Wesley Sornberger and Glenn Diemart.

Judge Wm. G. Thomas received a pleasant surprise Tuesday when his nephew, C. Thomas, accompanied by M. McLean, both of Eugene, Oregon, walked in on him a few minutes after the arrival of the Princess Mary. These young men were recently discharged from the army. They expect to spend the summer in Alaska.

St. Patrick's day was duly celebrated in Wrangell by a dance given at the Redmen's hall by Samuel Cunningham. The music was all that could be desired. Needless to say that it was furnished by the famous North Star orchestra. The ladies of the Altar society of the Catholic Church furnished the lunch, and a neat sum realized.

Hydaburg played the fastest basketball game of the season at Metlakatla last week. The Metlakatla boys played very well but Hydaburg captured the score of 27 to 23. The game has historic significance. It was the first time for Metlakatla to lose on its own floor. The boys report that Metlakatla are mighty good hosts.—The New Native.

In Petersburg a church bell rings each day exactly at noon, cable time. The citizens of that city are thereby enabled to keep cable time without visiting the cable office from time to time. In Wrangell it is mostly young people who are sticklers for cable time and they do not mind visiting the cable office to learn the correct time.

Mr. and Mrs. L. C. Patenaude who have been sojourning in Seattle and Tacoma since the first of the year, returned home on the Princess Mary Tuesday afternoon. They brought with them little Dorothy Voss, the four-year old daughter of Mr. and Mrs. J. H. Voss. The child has been with its grandmother in Tacoma for the past six months.

There is no doubt in our mind as to whether or not people read the Sentinel. Last week we inadvertently stated that some one had arrived on the Princess Sophia when we should have said Princess Mary. If every man who called our attention to this mistake had been taken sick and every woman who spoke to us about it had become a trained nurse, Wrangell would now be the most romantic spot on earth north of 54.

Mr. and Mrs. G. E. Ayers who spent last summer in Wrangell arrived from the States on the City of Seattle. Mr. Ayers will leave this week for Cape Fanshaw where the Alaska Sanitary Packing company will install a one line cannery of which Mr. Ayers will be the manager. Mrs. Ayers is a sister of O. A. Brown, manager of the local cannery. Mr. Ayers has been connected with the Santa Fe railroad for the past 30 years and recently resigned from an important executive position.

W. J. Carruthers returned on the Glenora Tuesday night from Bayview where he attended the Native school fair.

Presbyterian Church

March 23, 1919, at 7:30 p. m.

The ladder that connects two worlds. "And he dreamed a dream and behold a ladder set up on the earth, and the top of it reached to heaven: and behold the angels of God ascending and descending on it; and the Lord stood above it, and said, I am the Lord God of Abraham thy father, and the God of Isaac: and the land whereon thou liest, to thee will I give it and to thy seed." Gen. 28:12, 13.

Friday evening study, "Forgiveness." Come, and we will study this subject together.

SOME ATTRACTIVE MAGAZINE OFFERS

St. Philip's Guild will enter into the magazine business temporarily, having made arrangements with the Priscilla Publishing company to secure 50 subscribers before April 10. A committee representing the Guild will visit Wrangell homes and will have some tempting club offers to present with the Priscilla. Subscriptions may begin with any date and a two years' subscription, costing little more than for one year, may be sent to two different addresses. With the end of war activities in sight, a longing for the needlework which was laid aside during the busy months will make itself felt once more, and a good fancy work magazine will be a household necessity.

Jack Anderson arrived from Seattle on the Jefferson last evening.

HUMBOLDT TAKES CALIFORNIA RUN

Popular Alaskan Liner is Purchased by White Flyer Line. —Will Run Between San Francisco and Los Angeles.

With the closing of the deal for the purchase of the steamship Humboldt, by Walter S. Scammell of San Francisco, a new freight and passenger service between the Golden Gate port and Los Angeles will be established, according to advices received in Seattle from the South.

The Humboldt will be operated by the White Flyer Line, just organized by Mr. Scammell and associates in San Francisco. The vessel recently came off dry-dock in the Hanlon yards in San Francisco after a thorough overhauling and is at Pier 28 in that port being refitted for her new service. She will be painted "excursion white" and will be the first vessel of the new White Flyer Line to operate between San Francisco and Los Angeles.

The Humboldt was withdrawn from the Seattle-Southeastern Alaska route last November and sent to San Francisco for her annual overhauling. She will be fitted to accommodate 175 passengers and can carry approximately 600 tons of freight. It is the plan of the new company to have the vessel sail from San Francisco twice a week for Los Angeles. A master for the vessel in her new service has not been selected but it is probable, according to Mr. Scammell that Capt. E. G. Baughman, who commanded the Humboldt for many years in the Seattle-Southeastern Alaska trade will be retained.—Times.

Lizzie Hooker Held to Appear Before Grand Jury

(Ketchikan Miner)

Lizzie Hooker, a notorious native character, was bound over without bail to appear before the Grand Jury. She is alleged to have killed her mother-in-law, Mrs. Harry Moore of Wrangell, an aged Native woman, on or about May 15, last spring. The body was found in the cabin of the deceased on May 16, and examination showed that it had been dead for from 24 to 48 hours. A knife wound was found on the body and a knife found in the hand of the dead woman, giving the appearance of suicide, but the back of the woman's head had been battered in with an axe and the bloody axe was found in the cabin which showed signs of a struggle. The body was buried after a coroner's jury had brought in a verdict of death at the hands of some unknown person or persons and the matter was dropped until it came to the attention of Mr. Ragan, Asst. U. S. Attorney here.

Ed Grigwire's dandruff treatment is the best on the market. Try it and be convinced.

Among those who arrived on the City of Seattle were S. E. Walker, Mr. and Mrs. Charles E. Shipley and Ernest Bielewicz. They will leave this week for Cape Fanshaw where Mr. Walker will become foreman of the new cannery of the Alaska Sanitary Packing company. The building is already up, and the machinery will be installed before the opening of the canning season. Mr. Walker who has been foreman at the local cannery for several years will be succeeded by H. Hovey.

Have your watch repaired at George Cowan's, in the Upper Block.

WESTON DALGITY

"Dare."

Oxenham, the poet-laureate of the war, wrote a poem in the year 1900, in which Christ is supposed to appear and plead with the Kaiser to join hands with his cousin of the North in a disarmament which would result in universal peace. The moral of the poem is, "He did not dare." It requires no courage to go with the crowd, to be wild, to follow nature, to be a moral and spiritual slacker. "It is as easy as lying." But to trust in our own righteousness, and the righteousness of our neighbors, to stop grumbling and to try to make the world better; to be a moral fighter and to be the man who "dares", requires manly spiritual courage. This will be the theme at St. Philip's Church Sunday evening, March 23. Come and help. It will do you good and your neighbor good to see you there.

BACK ACHE

Limber Up With Penetrating
Hamlin's Wizard Oil

A harmless and effective preparation to relieve the pains of Rheumatism, Sciatica, Lame Back and Lumbago is Hamlin's Wizard Oil. It penetrates quickly, drives out soreness, and limbers up stiff aching joints and muscles.

You have no idea how useful it will be found in cases of every day ailment or mishap, when there is need of an immediate healing, antiseptic application, as in cases of sprains, bruises, cuts, burns, bites and stings.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

Notice of Election

Notice is hereby given that the annual election for the Town of Wrangell, will be held in the town hall, Tuesday, April 8, 1919.

This election will be held for the purpose of electing the following officers:

Three councilmen to serve for two years.

A mayor to serve for one year.

Two members of the Wrangell school board—one member to succeed Dr. J. L. Bulkley resigned, to serve for a period of two years, and one new member to serve three years who will succeed Hon. P. C. McCormack whose term expires this year.

J. G. GRANT,
Acting Mayor.

WAR SAVINGS STAMPS

By CARDINAL GIBBONS

By continuing the sale of War Savings Stamps throughout 1919 the Government has offered to every man, woman and child an opportunity for the display of practical peace time citizenship by becoming an investor in the securities of his country. It also offers to each an opportunity for self-improvement by giving a chance to save small amounts regularly and systematically and to invest them wisely.

In the hard school of war we have learned much that should be of value to us and to our country in the days of readjustment. We have learned the necessity of saving. Indeed it was saving that brought us the victory—the willingness of the people to save money, to save coal, to save food. The man, woman or child who has learned to spend wisely and look forward to

the future, and to lay by something which will help him in unforeseen emergency is not only helping himself but is becoming a better and more useful citizen.

We should welcome the opportunity afforded by our Government to continue the saving habit. To buy War Savings Stamps is the clear duty of every American citizen, young and old.

I urge all our clergy to promote this campaign by every means in their power. I urge our good people to give it their heartiest support and from the splendid evidences of their patriotism shown in the last two years, I am confident that it will meet with great success.

I shall follow with profound interest the result of this movement, for much of the future of our blessed country will depend upon the outcome.

SAM'L CUNNINGHAM

Wrangell, Alaska

Do You Believe In God? Then Outwardly Manifest It by Going to Church.

It is not enough for one to say that he lives a righteous life and that he believes in a Supreme Being. He must give OUTWARD MANIFESTATION of that belief.

There is only one way that a man can give OUTWARD MANIFESTATION of his belief in and love of God, and that is by GOING TO CHURCH. The church is the home of God. He reigns there. On great feast days like Easter, Thanksgiving, Christmas and New Year's the churches are filled to overflowing. People GO TO CHURCH to honor God and thank him for his blessings. Don't wait for these feast days to GO TO CHURCH and then stay away from church for the remainder of the year. EVERY SUNDAY is a feast day of the church.

AS A RESULT OF THE COUNTRY WIDE GO TO CHURCH MOVEMENT THERE HAS BEEN A SPLENDID INCREASED ATTENDANCE IN THE CHURCHES. BUT THERE ARE MANY WHO HAVE BEEN DEAF TO THE CALL. IF YOU ARE ONE OF THESE, MAKE UP YOUR MIND TO GO TO CHURCH NEXT SUNDAY. TELL YOUR WIFE OF YOUR RESOLUTION, AND NOTE THE PLEASSED LOOK ON HER FACE. TELL YOUR CHILDREN, AND IT WILL MAKE AN IMPRESSION ON THEM FOR LIFE. A PARENT CAN ILL AFFORD TO ASK HIS CHILDREN TO GO TO CHURCH AND REMAIN AWAY FROM DIVINE SERVICE HIMSELF.

Going to church DOESN'T REQUIRE ANY GREAT SACRIFICE. The services are at a reasonable hour. They are not long. You surely MEET THE RIGHT KIND OF PEOPLE there. The sermons invariably are INSTRUCTIVE AND UPLIFTING. Try going to church next Sunday. See if you don't feel better for it. It will help you to overcome the temptations of the world. You'll hesitate before you do a wrong act. Sin brings its punishment; righteousness its reward. If you want to earn the reward of righteousness and avoid the punishment of sin, be a regular church attendant.

START NEXT SUNDAY TO BE A CONSISTENT CHURCHGOER.

Courteous Treatment Always Assured

Undesirable Foreigners

Seattle newspapers say that the strike in that city was engineered by seven men, five of whom are foreigners. They could not have succeeded without the active or passive aid of thousands of Americans. Since when has it become necessary for Americans to ask Russians to show them how to obtain redress for actual or supposed wrongs? It is incumbent on the workmen of Seattle, if they have any pride in their country and in its ability to manage its own affairs, to send these foreigners packing and to put none but Americans on guard over their affairs.

There has been much discussion about immigration, but there is need for emigration of these alien meddlers in American affairs. If the law does not cover their case, Congress can change it. There is need also of more rigid precaution against the entrance of such men. The world is full of men who roam around in the secret pay of hostile nations to create disturbance on such pretenses as were made for the Seattle strike. Other nations protect themselves by requiring foreigners to obtain passports, showing who they are, whence they come and on what business they come. That system is needed in this country during these troublous times. Under it an administrative officer could refuse admission to roving propagandists without risk of their being pulled through the net by court procedure.

The refuge-for-the-oppressed theory about admission of aliens has been overworked. The present emergency proves that there is now danger of the American people being oppressed by these refugees. The tramp whom the kind-hearted housewife invited into her house for a meal gives orders and has undertaken to run the house. He ought to be kicked out.—Portland Oregonian.

CAUCUS NOTICE

Notice is hereby given that a meeting of the citizens of Wrangell, Alaska, will be held in the town hall on Thursday, March 27, 1919, at 8 o'clock p. m. for the purpose of nominating the following municipal officers for said town:

A mayor to serve for a period of one year.

Three members of the town council to serve for a period of two years.

Two members of the school board—one member to serve two years who will succeed Dr. J. L. Bulkley, resigned, and one member to serve three years who will succeed Hon. P. C. McCormack whose term expires this year.

By order of the Town Council of Wrangell, Alaska, March 6, 1919.

J. G. GRANT,
Acting Mayor.

Registration Notice

Notice is hereby given that the registration book of duly qualified voters of the Town of Wrangell, Alaska, has been delivered to Wm. Hood, who has been appointed Registrar for the said town, and this book will be open at his place of business for the registration of voters on Saturday March 15, and remain open until Monday, April 7, of same year. Ordinance requires that registration books be kept open to public between hours of 9 a. m. and 4 p. m. daily (Sundays excepted.)

J. G. GRANT,
Acting Mayor.

TOM FUGITA, Proprietor

NEW POTENTIAL IN WEST.

Some far-reaching plans are being laid at Washington for the rehabilitation of wounded and sick soldiers, but the plans of some enterprising Westerners go much further, says Philadelphia Bulletin. They propose to develop irrigation to an extent never before even contemplated, and, by impounding practically all the water in the far West, make it do duty in agriculture and at the same time furnish light, heat and power to communities as yet unborn. Taking only the actual surveys, it is declared that millions of acres of waste land can be redeemed on which returning soldiers are expected to settle. Realizing that many young men from the cities will have had a taste of open-air life which will lead them to farm, it is proposed to have the country ready made for the returning battalions. The sums proposed are not large compared with attainable results already demonstrated. We have become so used to thinking in billions that a few hundred millions now seem of no consequence, although formerly we stood aghast at such suggestion. The far Western people declare that with national aid they can make all the deserts blossom, can secure light, heat, and power sufficient for unlimited manufacturing, and can help pay the war debt.

England is beginning to recognize the importance of intellectual training for a growing democracy, says New Republic. A new law will abolish all exemptions from school attendance until the completion of the fourteenth year, with power granted to local authorities to raise the age to fifteen. Pupils will only be permitted to enter or leave at stated periods in the year. A rigorous system of school attendance will be accomplished by street limitations on the labor of children during their attendance in the elementary school. The elementary school curriculum of the future will be less bookish and more practical than hitherto and will be better articulated with the higher schools. For those pupils who cannot pass on to a secondary school, more advanced courses will be provided in the last two years of the elementary school period.

London looked on astonished and interested at American army and navy teams playing baseball in the English capital. Before the war is over the Brits will be introduced to many American customs which will be adopted and form still further bonds of friendship between the two great English-speaking nations of the world. There may even come times when excited Tommies will want to kill the "bloody umpire."

Extension of war-risk insurance to cover officers and seamen in the American merchant marine whose vessels ply the high seas will be generally commended. Such a protection for sailors is due them by reason of the hazards of war, and it should serve also to improve their personnel while tending to keep their ranks full when the country needs all the merchant sailors it can get.

The British government has bought the entire wool clip of Australia for the period of the war and for one year afterward. The first two clips involve the sum of £100,000,000, the largest wool transaction in the history of the world, it is said, and one that insures the commercial and financial stability of Australia. It is also a transaction that will make the kaiser rage.

Secretary Baker reports that it has become necessary in France to change the army designation heretofore known as "service of the rear" to "service of supply," because most American soldiers objected to having any relations with the rear, no matter how important it might be. This does not mean an immediate movement on Berlin, but it shows what may be called the tendency.

With every casualty report which comes to this country the national determination to win the war at all costs and in the shortest possible time will be deepened and strengthened. All differences of opinion have merged in the one deep settled conviction that all must stand together firmly behind the government to deliver the world from the menace to it, once and forever.

"Fashion," says New York World, "wears out more apparel than does woman." Absolutely true, and it is also true that Fashion wears out more apparel than does man. By the way, women have been known to "make over" their old bonnets; but who ever heard of a man "making over" his last year's ties?

Why couldn't they just as well save money by making the skirts shorter as by making the shoes lower?

Hot air is principally useful in making corn grow and there's no shortage in production.

Expansion of Our Domain Not Accomplished by Forcible Annexation

By Professor BRANDER MATTHEWS,
Columbia University

WITH the doubtful exception of Porto Rico there is scarcely a square mile of all the millions of miles over which the stars and stripes now float that was originally won by the sword and continuously held by arms. Texas revolted from Mexico, proclaimed its independence, applied for admission to the United States and was admitted. In like manner Hawaii came under our flag by the free choice of its inhabitants, and all the rest of our territory, beyond that in our possession when the constitution was adopted in 1789, WAS BOUGHT AND PAID FOR.

And at the close of the war with Spain in 1898 we kept Porto Rico, which we had captured, and we paid a price for the Philippines, which the Spaniards were not sorry to part with—if we may credit the report that the islands would have been sold to Germany in case we had not insisted on buying them ourselves. And then, finally, in 1904 we purchased the canal zone from Panama, although it must be admitted that we were very prompt in recognizing the independence of the revolting state.

This is a fairly clean record in that we have taken little or nothing by forcible annexation. What we have acquired since we became a nation we have paid for in cash. Our title to our possessions is clear, and it is not stained by breach of faith or by blood.

WE HAVE EVERY REASON TO BE PROUD OF OUR RECORD, WHICH IS WHOLLY UNLIKE THAT OF ANY OF THE OTHER EXPANDING EMPIRES, AND WHICH THE PEOPLES OF ALL OF THESE EMPIRES MUST RESPECT.

Business of the Nation Is Suffering From Inadequate Transportation Facilities

By FRANK TRUMBULL, Chairman of the Railway Executives' Advisory Committee

TODAY, even after the most prosperous year in their history, we find the railroads utterly unable to meet the demands of commerce. Railroad efficiency has been seriously impaired and railroad credit injured so that the business of the whole nation is suffering from the lack of its fundamental need—ADEQUATE TRANSPORTATION.

Congress has undertaken through a joint commission of the senate and house to make an inquiry into this whole transportation problem. Under the direction of the committee of which I am chairman about 90 per cent of the important railroad lines of the country will present their suggestions for the committee's consideration.

Briefly they provide for federal supervision of railroad securities, federal incorporation of interstate carriers, federal regulation of rates, a regional and functional division of the work of the Interstate Commerce Commission, restricting rate suspensions to not more than sixty days and giving the Interstate Commerce Commission power to prescribe minimum as well as maximum rates.

UPON THIS PLATFORM THE RAILROADS HAVE TAKEN THEIR STAND AND ASK FOR THE CO-OPERATION OF THE PEOPLE BECAUSE THE BUSINESS OF THIS COUNTRY CAN PROSPER ONLY AS IT IS ADEQUATELY SERVED BY EFFICIENT TRANSPORTATION.

Government ownership of transportation in such an unco-ordinated democracy as our own would be a political and economic tragedy.

Men Lacking Enthusiasm Rarely Achieve Success In Business

By Professor JOSEPH F. JOHNSON, Dean of New York University School of Commerce

I NEVER knew a very successful business man who did not love his business next to his wife and children. Enthusiastic joy and pride in one's business seem to be essential to success. Enthusiasm means, gladly, unrestrainedly, naturally putting your whole self into the performance of any act. There can be nothing artificial about enthusiasm.

A MAN WHO IS IN BUSINESS JUST TO MAKE A LIVING OR TO MAKE MONEY AND NOT BECAUSE HE LOVES IT CANNOT BE A GREAT BUSINESS MAN.

And, finally, no man lacks humility because he believes he is destined to do things worth while in this world. But if he wants his faith in himself to be vindicated by events he must be content to be himself and to develop to the utmost those faculties in which he specially excels. If he seeks to make himself like somebody else, like some man whom he happens to know and admire or whose position in the world he regards with envy, he will FAIL TO MAKE THE MOST OF HIS OWN POWERS AND WILL BE A SECOND RATER. Personal efficiency demands that a man be himself and not seek to be like somebody else.

Real Progress In National and Social Reforms Not Made by Violence

By Rev. Dr. JOHN A. MARQUIS, Moderator of the Presbyterian Church in the United States

THIS is an age of progress, but it is exceedingly important for us to know the ways of real progress, and those ways are not by revolution, but by fulfillment of the best things that are in the world today. In the time of Christ the Jews had grave faults. The world was filled with bad systems. But Christ never lifted an anarchistic hand against them. He never attacked the government of Caesar or Herod. HE DID NOT ATTACK THE MINISTRY OF THE HIGH PRIEST.

Russia has been undergoing changes for the past thirty-five years and will continue to undergo them. There are profound prophecies in that people that make changes for the good inevitable. How much better it would have been to have obtained the changes that have come by Christ's method of fulfilling those national prophecies rather than by violence!

THERE ARE SOME IN AMERICA TODAY WHO HAVE NOT LEARNED THIS FACT—THAT DYNAMITE AND RIOT ARE NOT GOING TO PRODUCE DISSOLUTION OF OUR SOCIAL AND NATIONAL ILLS.

RIPLEY FISH CO.

Branch No. 4

Notice to Fishermen

Our 20th year in the Fish-buying Industry will prove that whenever we establish a new Branch we stay, and are also trying to do our best to give all fisherman the best possible service and prices, whether on the fishing ground or at any of our four Alaska Branches. We have the Launches Standard and Circle H and also our new ready equipped scow which will be placed on the fishing grounds around Wrangell in the early spring. This will enable us to prove our service to you Fishermen. Now we want you all to give us a fair chance at your fresh Salmon and Halibut or other varieties of fresh fish.

RED CROSS

Makes Request for Special Effort Until June 1

While textiles worth millions have been sent to the devastated countries of Europe to be made into clothing for the needy, so many of the able bodied women over there will be busy helping the men to prepare the fields for this year's crops and to rebuild their homes, that the help of the American women is needed in order that the destitute may be clothed. The need cannot be overestimated. Thousands of children are orphans and many people have no facilities for serving. The more difficult garments are made in factories to save time but many factories are unable to take this kind of work. Therefore from Washington comes the request that our women produce as many garments as possible between now and the first of June.

The call has come from the Northwestern Division to the local chapter and a wide choice of garments was given. Having on hand about 300 yards of outing flannel which is required in the making of children's shirts and petticoats, patterns for these garments have been ordered. It is

expected that work can be begun on them April 1st, and meanwhile an attempt will be made to finish all sewing on hand at present. Since the request for special effort until June 1st has been made, it is thought unlikely that other allotments will be received after that date.

MOOSE DANCE

Pretty in all its features was the Moose dance given in the Redmen's hall Saturday night. The hall had been profusely decorated and was a thing of beauty. Delightful music was furnished by the North Star orchestra. There was a splendid attendance and every one seemed to be in the right mood for dancing. During the evening an excellent lunch was served. The dance was given for the purpose of raising funds to buy supplies for a new basketball team which is being organized wholly of Moose. The receipts were as follows:

Tickets \$68.00

Lunch 25.75

Expense: \$93.75

Net proceeds .. \$19.35

The committee in charge of this most enjoyable dance was composed of A. Jakobitz, chairman; Nicholas Lemieux, A. Ralph Hall, Charles Moore and Lloyd Dalgity.

Surprise Party

Miss Florence Prescott was most pleasantly surprised by a party of 20 of her schoolmates who invaded her home last Monday, evening to help celebrate her 16th birthday.

The guests brought dainty refreshments with them. Games were played and a general good time enjoyed until time for the dance at the Redmen's hall when the party adjourned to continue their good time honoring the good St. Patrick.

Painful Accident

Friends of Ted Dailly learned with deep regret that on last Friday while working at Duncan canal he received a very painful and possibly serious wound on his left hand. Mr. Dailly and his companion were cutting timber for the corduroy road to the Towers mine when through accident the companion's axe struck his hand, cutting through the knuckles of three fingers. He will be fortunate if he does not lose one or more fingers.

SOUTHEAST ALASKA SCHOOL FAIR

More than 1000 people were in attendance at the Southeast Alaska school fair at Bayview last week, which was by far the most successful school fair that has yet been held.

Exhibits of school work were on display at the schoolhouse. All the schools of the southeastern district being represented and each one making a good showing.

Robert Peratovich gave free picture shows on Thursday and Friday evenings. The Metlakatla orchestra provided the music.

The teacher and school children from the Craig school gave a program Thursday afternoon. Metlakatla won the basket ball game over Sitka with a score of 21 to 17.

W. G. Beattie, in charge of the Metlakatla work was prevented from attending on account of illness.

Hon. Charles A. Sulzer addressed the conference on Wednesday morning. He dwelt upon the responsibilities of citizenship, and his speech made a telling impression. One man in commenting upon the address said to the Sentinel reporter: "Mr. Sulzer made a great speech. I liked it very much. He talked to us straight, just like one man to another. In the past some public speakers have given us baby talk thereby disgusting us and making themselves ridiculous.

Following is the program:

TUESDAY EVENING, MARCH 11, 1919

7:30—Introductory Remarks—C. E. Hibbs.

8:00—Exhibition Program—Klawock School.

Address—"The School Fair, Its Value"—W. T. Lopp, Supt. of Education of Natives of Alaska.

WEDNESDAY MORNING, MARCH 12

9:30—Assembly, led by Edward Marsden, of Metlakatla.

10:15—Address of Welcome—Peter Anneskit, Mayor of Klawock.

Responses—Harry Lang, Mayor of Metlakatla.

John Wallace, Mayor of Hydaburg.

Charlie Newton, Mayor of Kake.

Peter Simpson, of Sitka.

11:15—Address: "100% Schools, How They Are Made"—Mr. Merritt.

WEDNESDAY AFTERNOON

1:30—Assembly, led by W. T. Lopp.

Band Concert by Klawock Cornet Band—Richard Collins, Leader.

2:30—"The Need of Fraternal Fellowship Between All the Townspeople in Southeastern Alaska."

The Klawock Brotherhood—Jack Peratovich.

The M. L. M. S.—Benj. Haldane.

The M. B. S.—Herbert Murchinson.

The N. S. A.—George Haldane.

The A. N. B.—Peter Simpson.

Open discussion.

4:30—Basket Ball Game—Metlakatla vs. Sitka.

WEDNESDAY EVENING

7:30—Exhibition Program—Kake School.

Address—Hon. Chas. A. Sulzer.

Music—Klawock Orchestra and Cornet Band.

THURSDAY MORNING

9:30—Assembly, led by Rev. Bromley.

10:15—Guests and townspeople invited to inspect the school room work of Klawock and also the exhibits of the District.

THURSDAY AFTERNOON

1:30—Assembly, led by Ensign W. J. Carruthers.

2:00—Address: "How the World War Effects the Alaska Native"—Marius Hansome, of Hydaburg.

Discussion—Opened by Edward Marsden, William Benson, and Charlie Newton.

Discussion.

FRIDAY EVENING

7:30—Exhibition School Program—Metlakatla School.

Address: "The New Citizen"—W. T. Lopp.

Closing remarks from representatives from all towns.

FISHING CONCERNS LISTED

Alaska Bureau of Chamber of Commerce Publishes Guide

Leaflets giving a list of fishing industries in Alaska, together with the Alaska and local address of each company, have been compiled by the Alaska bureau of the Chamber of Commerce. As in previous seasons, salmon heads the list with more than a hundred canneries, nearly as many salteries and 50 mild-cure plants.

Herring ranks next in importance. With the market created by war conditions for Alaska herring last year, dozens of new plants were opened and the herring salteries at the close of 1918 numbered about 100. Canning of herring was carried on by only two canneries, one located at Port Walter, the other at Big Port Walter.

Fifteen plants specialized in the salting and canning of codfish, while the clam canning industry, which was scarcely started until last year, was represented by 80 plants by the end of 1918.

Under the heading "miscellaneous," are included canneries which engaged in the preservation of atkafish, mackerel, sablefish, shrimp, whale, anchovies, crab or clam cocktails and trout. Several companies, specializing in fish byproducts and fertilizer, are also listed.

Copies of the leaflet may be obtained upon request, from the Alaska Bureau, Seattle Chamber of Commerce.

Daily Thought.
The great theater for virtue is conscience.—Cicero.

On March 10 another advance in the freight and passenger rate became effective, the passenger and general merchandise rates being increased approximately 10 per cent. The freight on coal has advanced \$1 per ton.
